¹ The European Federation of Energy Traders (EFET) promotes and facilitates European energy trading in open, transparent, sustainable and liquid wholesale markets, unhindered by national borders or other undue obstacles. EFET currently represents more than 100 energy trading companies, active in over 27 European countries. For more information: www.efet.org.

² The Association of Energy Trading (Towarzystwo Obrotu Energią – TOE) is a voluntary, self-governing and apolitical association, created in Poland at the end of 2003. TOE has (for the end of March 2014) 142 Ordinary Members (natural persons) and 24 Supporting Members (energy trading companies). For more information: www.toe.pl
